# Summer Challenge

Finally out again! Treat your employees to a day almost like at the seaside! We pay attention to your safety.

## Summer Challenge

Great team activities and lots of fun!

Everything revolves around having fun and enjoying time together with colleagues in small activities in a relaxed atmosphere. Here it is not primarily about scoring the most points, everyone can participate and will surely be carried away by a small contemplative competition. Our guides keep a safe distance from your guests, who, in our experience, are happy to be motivated by such exciting challenges like "long-distance flip flop shooting" or "beach golf". And what of course cannot be missed at a summer party but a lively mood and good spirits with the "Bacardi Feeling" challenge modules "coconut boule" and "limbo."

A lot of interesting and exciting tasks will lift the spirits and turn the company summer party into an eventful day for your staff.

# Crossgolf

Mother nature offers a lot of space and great variety for your game of crossgolf – a hole-in-one is the GOAL!

## **Crossgolf**

**With our 5-star course we explore urban areas and nature.**

Whether back to nature or across the city - with us you will experience the most original form of golf! Away from elitist etiquette, we play through parks, across meadows, along river banks, across the city, around the hotel or through urban areas. Try, for example, to play one hole after the other with accuracy in a team around trees, over park benches and through various obstacles. After a short briefing by our guides and equipped with professional equipment, you will have fun and move around the crossgolf course, which is individually adapted to your wishes and the location. The goal of each player is, of course, to play a hole in as few strokes as possible and to score as many points as possible in the team.

**Whether in summer or even in a snowy landscape - Mother Nature is worth a game of golf at any time of the year and we make this adventure possible for you - anytime and anywhere!**

## For a better "WE!"

Together instead of alone!  
Our specific task catalog offers a large selection of tasks for which the minimum distance can be maintained.

### ***Team Challenge - For a better "WE!"***

**With head, heart and hand as a team to succeed.**

We design an attractive and engaging event for you and your employees. Our large repertoire of team tasks allows us to integrate activities into any event in a meticulous and tailor-made way according to your company, preferences and participants. We also like to recommend outdoor activities, because our experience has shown that especially outdoors the familiar is open to change. We challenge your team! Which group, for example, will conquer the laser course with the fewest touches, build the highest tower, hit the target accurately in the air challenge or produce the most amazing short film for your motto? Our challenge concept is based on teamwork, trust and task mastery. The working world is demanding all these things more and more intensively.

**During the team challenge there are a wide variety of tasks that the participants can experience themselves in a playful way, sustainably strengthen the "we-feeling" and thus more easily incorporate the valuable insights into their everyday professional lives.**

**Best Price

## By FAR the most varied team tasks

- In a given time, the teams go through varied and challenging team tasks.
- Depending on the task communication, strategy, creativity and team spirit are the focus - only together are a team successful!
- In compliance with the current valid social distancing and hygiene rules.
- For each task the teams need approx. 15 - 30 minutes.
- Finally, the tasks are evaluated in an entertaining way in front of the entire group or briefly analyzed in a feedback round.
- If desired, a winning team can also be chosen.

*Solve tasks together and experience the "WE feeling"!*

# Archery

Bulls Eye!

Hit the target together, even from a distance - that's what we at *teamgeist* live and work for.

## **Archery**

**Full concentration and focus coupled with competition!**

And suddenly there is concentrated silence. Close your eyes once more, take a deep breath, open your eyes and then... let go! With breathtaking speed, the arrow whizzes towards the target. Direct hit! No, we haven't landed in the next Robin Hood adventure. This is how exciting our archery event is! Concentration, absolute focus on the target, exciting competition and of course a lot of fun await the participants. Safety is of course ensured, after all the bows are not toys: trained personnel and arrow catching nets ensure that the arrows only go where they are supposed to. Into the bull's eye!

**Good news: archery is easy to learn for everyone. The learning curve is very steep, so after a few practice shots with the guidance of our coaches, everyone can score points for their team. At the latest when shooting at the balloons, the hits will just pop - in the truest sense.**

# Tabtour Sightseeing

All tasks can be solved in our application alone or in micro-teams, in compliance with the safety rules!

## ***Tabtour Sightseeing*** An interactive and unique citytour.

A sightseeing experience with electrifying and multi-layered character is waiting for you and your participants. Every city can become an interactive playing field. Your guests head off to explore in small teams and equipped with iPads. The modern software on the iPads offers a large digital playing field with so-called tabspots. The task is to solve the secrets behind the spots. In this way, the participants find impressive buildings, hotspots, interesting places, secret tips and localities of the city. A mixture of exciting brain games, puzzles and active parts drive the teams forward. During this multi-faceted excursion, which promotes thinking, team spirit as well as healthy exercise, you will discover the city together with your team.

Digitization, teamwork, strategy, interaction within the group, communication with the other teams, your topics and much more are brought together in this rousing event and training format in a location of your choice.

# Samba Team Drumming

Reward your employees with a sonorous experience! Switch off and recharge your batteries! We take care of your safety!

## ***Samba Team Drumming***

**Making music together is the perfect basis!**

The rhythms created together in the group generate energy and motivation for your guests. Getting into a beat together and experiencing the strength of the group is the perfect basis for witnessing true team spirit. The samba rhythms used in team drumming create a valuable, synergistic groove that will engage people with no musical experience. But why samba? In samba, there are five to six different percussion instruments and drums. Each of these instruments has its own rhythmic pattern (called a clave). The overlapping of these rhythmic patterns creates the typical lively samba groove.

**This motivating Brazilian groove and energy makes for a special team building experience.**

# Tape Art or Team Art

Creativity for team success!  
The individual art stations  
are set up according to  
current safety precautions.

## ***Tape Art or Team Art***

**Creativity for team success! The individual art stations are set up according to current safety precautions.**

In the team you design a unique and incomparable art creation on a given theme with colored adhesive tapes or brush and paint. This will consist of many individual parts and will be connected at the end to create a complete work of art. It will be interesting to see which symbols and metaphors your teams come up with for the event motto! The goal is to symbolize the thoughts, ideas and associations in inspiring symbols with the colored tapes or with color. If the event location allows an outdoor activity area for the teams, you could also design under the open sky. Let your imagination run wild!

**Create together a valuable work of art with protective clothing and social distancing. For example this symbolizes your future cooperation and seals the worked-out commitments for the new togetherness, it could be visibly expressed with the signatures of the contributors on the tape art creation or the painting.**

# Medieval Challenge

Travel back in time together! Our medieval games are pure variety where the minimum distance can be well maintained.

## **Medieval Challenge**

**Have you slain a Dragon today?!**

Let the medieval spectacle begin and plunge into a world of brave knights, castles and maidens. Organize your personal knights games with us as a unique staff adventure! Find out who the bravest warriors in your team are in a tournament put together individually for you. Our chivalrous team guides will show your young noblemen and castle ladies all tricks of the trade in this great team event. For example, show your skills in backpack construction, tug-of-war, catapult construction, lifting the Cervisia jug and also creating your own royal coat of arms and castle flag. Or how about a medieval quiz? Here the knowledge from the 13th century counts; some people may wonder how luxurious we live today.

Using willpower, brains, creativity, coordination and above all a lot of fun, this role play will give you the maximum of active team training and employee motivation.

# Photo-Rallye

Even the minimum distances to be observed at present do not stop creativity and ingenuity - try it out!

## **Photo-Rallye**

**We want your creativity! Ready? Say „CHEEEEESE“!**

Start the creative challenge with your colleagues and find extraordinary photo spots on your mission to find the "Best Picture". Equipped with iPads and racing the clock, you run down specified spots in your area and take on these various photographic challenges. From creative group photo to reinterpretations of world-famous motifs to the search of images: it is all there. Plan your own route past interesting and historic spots of the choice event city. You determine the route all the way to the end and require a lot of ingenuity to score highest of all teams. Without teamwork and the use of your individual strengths, the way to the top - the star photographer – will be difficult. In the end, the teams an exciting evaluation and the honoring of the best await.

**With the pictures of the day you get a great documentation of your team spirit in your company and are able to hold on to these magical, lasting moments.**

# Adventure Day

Mother Nature offers a lot of space! Great challenges await your teams and we pay attention to safety!

## ***Adventure Day***

**Experience real adventures together!**

Our Adventure Day is a combination of different and challenging team, health, skill and / or survival tasks that the teams go through one after the other with a lot of healthy movement. Before beginning, together we discuss what your event focus is. Would you go back to the roots in the shaping of survival / adventure wilderness, or would you like to move health in the centre of your team event? Are you looking for a classic team event on land or on water? The duration of your team adventure is also defined in advance. Whether two hours, a half or a full day, we adapt the time frame to your wishes. Because you know exactly of your teams' quirks and what kind of adventure it would want to go through.

**Regardless which activities you choose, the tasks can only be solved together as a team and can be carried out with or without competition. How long the teams will take to complete the tasks, depends on the activities selected.**

# Highland Games

Have fun together! With great and unusual team tasks can always keep the distance and meet the provisions.

## *Highland Games*

Conquer your very own world and bring honor to your kingdom!

Who is the strongest Scot? Find out during the highland games – strategy, team spirit and a lot of fun guaranteed! The Highland Games date back to the times of the Celtic kings in Scotland. They were held in order to find the strongest and quickest men of Scotland. A lot of games from everyday life and work were also integrated into the highland games. Single teams compete against one another in different games before the winner is announced.

z.B.: **Sheaf Toss** (a “hay” sack is thrown as far as possible), **Tossing the Wellie** (throwing contest with rubber boots. Historically speaking, housewives threw the dirty boots that their husbands came home in out of the house.), **Tug-o-war** (teams pull on opposite ends of a rope wearing kilts), **nailing contest**, **beer mug lifting**, **barrel roll herd course** or **wheelbarrow race**

# Outdoor Chain Reaction

With a division into microteams, nothing stands in the way of your mega impulse reaction! The necessary distance is maintained!

## ***Outdoor Chain Reaction***

**Set standards with your team!**

The goal of all participants is to create a functional motion and the most efficient interaction of the individual team reactions designed with varying materials. The duration of movement without interruption and whether the „Big Bang“ is triggered in the end depends on the implementation by the teams. We are able to smoothly integrate your topics, workshop contents and even products into the event. One impulse will turn the event into an unforgettable experience for your employees! Captivated by the thrilling question whether all the engineered constructions and effects will be triggered by the single impulse all participants are enticed to reveal unparalleled capabilities and ingenuity.

# Raft Building

Reward your teams with an unusual experience!  
Switch off and set sail!  
We take care of your safety!

## ***Raft Building***

**Pick up the pace with your team!**

Have you ever dreamed of Tom Sawyer and Huckleberry Finn's adventures? Your team's task is to construct a floatable raft from various materials such as ropes planks, logs and tubes. Team spirit is essential and everyone is involved to contribute to having fun. After a small introduction on knotting techniques there are no limits to the team creativity. Our team guides will provide tips and supervise the entire undertaking. In the end, the raft will be christened for the ensuing test ride on the lake and your company's banner hoisted. Upon request you can combine many small rafts to form one mega team raft, race other teams or set sail together.

Your workshop topics can be integrated and implemented in this innovative Teamgeist Raft Building.

# Flying Object Construction

The division into microteams makes this team project possible and the necessary distance and regulations are maintained.

## *Unmanned Flying Object Construction*

**Your team gives you wings.**

We will give you clearance to showcase your company values, sales goals or product launches spectacularly and catapult them to phenomenal height. Your messages can be found in the design of the unmanned flying objects, on wings, the projectile, the aviator cap or the pilot's overall. After a welcome and briefing each team of pilots is given a basic set of selected materials. However, before the crews are allowed to construct and build, there are certain roles to be assigned in the team. Required are specialists in statics, technology, creativity and materials. And who will be captain?

**The highlight: 2 showdowns at once. First, the design and overall concept of the unmanned flying objects are evaluated by voting and then the unmanned flying objects are catapulted into the sky in the Air-Race-Challenge. READY FOR TAKE OFF!**
