teamgeist promotes team spirit

We have made networking your employees a priority for 2024, because a **well-functioning team** is essential for your success.

Communication within your teams is just as important as **good teamwork** across departmental boundaries. We develop **innovative events and training concepts** tailored to your kick off goals. With us, you have a reliable partner with **trained trainers and guides** at your side.

Experience **outstanding quality** and benefit from the ***teamgeist* services.**

Whether on-site, hybrid or virtual

We design your event and deliver everything from a single provider: planning, moderation, realisation and follow-up.

Four reasons for a team event at your kick off meeting

There are many good reasons for organising a team event at your kick off meeting. aWe would like to highlight four of them in particular:

1. A kick off event **to start the new year** provides orientation, a greater sense of unity and a focus on joint projects and goals.
2. Especially in times when more and more employees are working from home, it can be a valuable tool for motivating employees and **strengthening the sense of community**.
3. In the context of special changes or challenges as well as a reorganisation, a kick off event can convey the **important content in a light-hearted way** and inspire employees.
4. A team event creates trust among the team members and in your company management and shows **appreciation for your employees**.

Good reasons for *teamgeist*

1. Experience & Expertise
More than 15,000 events worldwide since 1992, together with dedicated experts from all fields.

2. Worldwide and locally
With a global partner network and 11 companies, with 120 employees in the DACH region.

3. Innovation and flexibility
Classic analogue, digital and hybrid event formats - for every occasion and always tailored to your needs.

NEW teamgeist+

teamgeist+

The upgrade for all team events

teamgeist+ is a new concept that enables companies to gain even greater long-term benefits from team events. Using targeted questions and methods, we ensure that the lessons learned from these experiences are successfully applied to everyday work. This is because reflection and application create a shared foundation for discussion, new perspectives, and concrete ideas for collaboration in day-to-day work. As a result, team goals, leadership, and HR are better aligned.

- Strengthen collaboration for the long term
- Better understand team dynamics
- Support change within the team
- Transfer experiences into everyday work

The year starts with *teamgeist*: Setting the scene for your topics

Combine your annual kick off event or workshop with special activities and thematic highlights from our portfolio. We will be happy to help you select suitable modules or create a customised concept according to your wishes.

Global *tabtour*®

With the "Global tabtour®", you can even take part in our digital rally simultaneously with teams in different cities. In combination with individual topics or company-specific content, the tabtour® is perfect for the start of the year. A well-balanced mix of strategy and teamwork.

Creative-Events

Let your creativity run wild and create unique team paintings in the classic way with brushes and paint or use special tape to create impressive works of art for your offices.
We will equip your desired location with the right equipment. Optionally also as ice sculpture construction.

Soapbox Grand Prix

At this event, you design soapbox kits according to your own wishes and compete as a team in the big Soapbox Grand Prix. The crowning moment is the ultimate test. Which team will come out on top in the race and who has the best design?

Tabchallenge

The Tabchallenge focusses on collaboration. Guided by our digital app, the teams head to challenging stations on site one after the other. Topics such as communication,
skilfulness or strategy are highlighted and points are earned for the team score.

Kick Off Meeting On Site: Creativity & Communication

During a kick off meeting with the whole team on site, *teamgeist* focuses on creativity, communication and interaction in very unusual settings. Put your event or a very special topic centre stage and experience new perspectives thanks to special methods and playful approaches.

Smart Future City

At our Smart Future City team event, your employees will become experts who plan and design a smart city of the future. To create something new, you need good ideas and space for creative processes. A dynamic approach, flexibility and adaptability are essential.

Short Film Festival

Work on your themes with creative ease as part of an iPad short film festival. Roll the film and let the action begin. Your topics and creative ideas take centre stage here. With the help of various requisites and iPads as cameras, the teams create exciting short films or creative spots.

Impulse Reaction

Get the ball rolling. In a thrilling atmosphere, the participants create highly complex reactions from various materials that melt together to form a chain of impulses. Can you create an uninterrupted reaction with a big bang?

Team Net

More network is not possible! With ropes and useful knots, you can weave a strong net together. Metaphors such as "a stable grid" of cooperation can be vividly conveyed using this concept. What sounds simple requires a lot of communication and coordination.

Remote Kick Off-Meeting: Digital start to the year at a distance

We can also do digital or hybrid kick off's! With 30 years of experience in the field of Kick Off events and several thousand digital team events since 2020, we bring momentum to your online meeting or team building. Thanks to a wide range of formats and customised concepts - always suitable for your event.

Global *tabtour*®

Go on a virtual discovery tour around the globe! You will learn about cultural specialities and solve country-specific tasks. A mix of puzzles and photo tasks, variety, fun and challenging team interactions awaits all participants.

Criminal Mastermind

As Europol's newly formed special unit X7 WOLF BRAVO, the players set off on the trail of the most spectacular art robber in criminal history.
In small teams, they take up the investigation and soon find themselves in an unprecedented chase through Europe.

Speed Dating

We organise your individual "speed dating" to improve the exchange of ideas and get to know other departments. We set up different chat rooms via video meeting. In these rooms, constantly changing guests can discuss various topics in a limited amount of time.

Team Parcours

During the Remote Team Parcours, everyone spreads out into different chat rooms and is welcomed there by our guides. In each room, the teams are faced with different team activities and complete these rooms one after the other. The choice depends on your wishes.
